Real Solutions for Bad Water!
You’ll Taste, Smell, & See the DIFFERENCE!

DON'T GET STUCK WITH BAD WATER!

Our exclusive, patent-pending METALTRAP™ technology is specifically designed to handle the worst water. We get what other filters leave behind!! Whether you are on city tap water, or a problem well loaded with iron and sulphur, we’ve got you covered!

FASTER FLOW! An astounding 5-8 gallons per minute!

6,000 GALLON CAPACITY! More than 5x the average filter!

QUICK CONNECTION! Just attach to a garden hose!

NO MORE STAINS! NO MORE ODORS!
